2. Farm Division: League age 6,7 & 8 year olds
3. Minor Division: League age 8, 9 & 10 year olds
4. Major Division: League age 10, 11 & 12 year olds
5. 50/70 Division: League age 11, 12 & 13 year olds
6. Junior Division: League age 13 & 14 year olds
7. Senior Division: League age 14, 15 & 16 year olds

A parent may submit a written request to have a child evaluated to stay down one division if they are concerned for the child's safety. The child will be evaluated through a formal tryout given by the Safety Officer, Player Agent, and Division Rep (if available). The child will be evaluated with safety as the only factor of them playing at a division lower than the league division for their age.

For T-ball, Farm, Minor, Major and 50/70 Divisions, the last available registration date will be set at the time registration opens, or the last scheduled try-out date prior to the Minor and Major drafts, or until all rosters are full at 12 players for Major, Minor and 50/70, 12 for Farm Divisions, and 10 players for T-ball. Any registration received after that point will be put on a waiting list in order of date and time registration was complete and placed on a team based on roster numbers and team availability.

In the Major Divisions if a player does not attend a try-out they will not be eligible for the draft and therefore will be automatically placed on a waiting list by registration date and time. In the event that there is still roster availability not exceeding 12 players those remaining rosters will be filled by draft order. Placement will be based on the sign-up date & time of each player. If 2 or more teams are in need of players to fill a roster after the draft, placement for those players will be handled in the same manner.

All league age 10 year olds will be required to attend a tryout for the Major division unless the Player determines there is a safety concern. Minor and Major managers are required to attend both minor and major tryouts.

In the Minor Divisions, any player who does not attend a try out will not be eligible as a draft pick. These players will be placed on teams based on roster availability and in registration sign up order by date and time of registration. If 2 or more teams are in need of players to fill a roster after the draft, placement for those players will be handled in the same manner as the Major Division.

All league age 8 year olds will be required to attend a tryout for the Minor division unless the player agent determines there is a safety concern. Minor managers are required to the minor tryouts.

In the 50/70 Division, if a player does not attend a try-out they will not be eligible for the draft and therefore will be automatically placed on a waiting list by registration date and time. In the event that there is still roster availability not exceeding 12 players those remaining rosters will be filled by draft order. Placement will be based on the sign-up date & time of each player. If 2 or more teams are in need of players to fill a roster after the draft, placement for those players will be handled in the same manner.

In the Junior/Senior Division, any player playing high school baseball/softball will play in the Senior Division. The Junior division will consist of league age 13 and 14 not playing high school ball. The Senior division will consist of league age 15 and 16 year olds and any 14 year olds playing on high school teams.

The draft will be conducted as outlined in the Player Selection System of the Little League Operations Manual. Ten year olds who have attended the Major Divisions try-outs will be eligible for the Major draft. 8 year olds have to attended Minor Divisions try-outs and will be eligible for the Minor draft. Ten year olds and eight year olds will only be available for the appropriate draft if the number of age appropriate players is not adequate to allow for 12 players per team. Ten year olds and eight year olds who are eligible for the draft can be drafted at any time during the draft process. The Player Agent will inform the managers at the beginning of the draft how many ten year olds or eight year olds can be drafted to the major or minor division depending on how many Major or minor aged players we have registered and draft eligible. If a player is league age 10 and wishes to play in the Major division, the player must attend both the Major divisions and Minor divisions' try-outs. Any and all players can and will be moved at the board's discretion. Safety of our players is paramount and if the board deems a player needs to be moved to a different division because of safety issues, they have the authority to do so. Managers who wish to draft their own child to their team must notify the Player Agent either in writing or via email 48 hours prior to the draft as described in the Little League Operations Manual, "Options

on Sons, Daughters and Siblings.” Any league age 8 year old who tried out for the Minor division can and/or will be pulled up at any time during the regular season to fill an opening with no exceptions.

ALL INFORMATION DISCUSSED DURING THE DRAFT OF PLAYERS, SHALL REMAIN STRICTLY CONFIDENTIAL

IF INFORMATION IS RECEIVED BY THE BOARD, REGARDING DISCUSSION OF DRAFT TO ANYONE OUTSIDE OF DRAFT, INCLUDING BUT NOT LIMITED TO COACHES, SPOUSES, PARENTS OF PLAYERS, PLAYERS, ETC., THEY WILL BE SUBJECT TO REMOVAL AT THE DISCRETION OF THE BOARD

One objective of PBL is to provide skill development for all the players. In an effort to further develop skill, the following is required in the Minor League Baseball and Softball Divisions.

Based on a two game per week schedule, each Minor League Team shall pitch a 9-year-old pitcher (an 8 year old pitcher meets this requirement) a minimum of:

1. For baseball: minimum of 30 pitches per week (week defined as Sunday – Saturday) or,
2. For softball: 1 complete innings per week (a complete inning is defined as 3 outs or 4 scored runs)

In the event that a team plays only one game in a given week due to rain out, holidays, scheduling or opposition forfeits, this requirement shall be waived. In the event that a team is required to play more than two games in a given week, this requirement can be met over the course of all three games. **The team scorekeeper must clearly delineate the number of pitches, outs or innings pitched by the 8 or 9-year old pitcher in both the official scorebook as well as the team scorebook.**

If for any reason, a team loses a player for the remainder of the season, or a player sustains a significant injury which will put them out for more than one game, the team manager must notify the appropriate player agent within 48 hours. The player agent will determine if a replacement player is available from the waiting list. If there is no available player on the waiting list, the major manager has the option to pull a 10 year old player from the minor division; the minor player will be selected by a committee including President, Vice President, and Player Agent within a week of player leaving. Only one player can be pulled from each minor team. The player agent will then replace the removed minor player from the waiting list. If there is no player available from the waiting list the removed player will be replaced with an 8 year old pulled from the farm division selected by the committee. Any manager failing to notify the Player Agent will be disciplined at the discretion of the board, which could result in the suspension of a league game.

The Major league divisions are prohibited from taking replacements from the Minor League divisions in the last two weeks of the regular season schedule; an exception may be made at the discretion of the Board of Directors.

Tee Ball Rules

1. All defensive players should be used on the field. All infield positions shall be covered by one player, with the remaining players being used in the outfield, at the manager's discretion. The position of catcher is eliminated for safety reasons. The position of pitcher must play on or behind the pitchers rubber.
2. All positions should be rotated every inning during the game, allowing players at as many different positions as possible. No player can play the same position for more than one inning.
3. A continuous batting order will be used as indicated in the Little League Official Regulations and Playing Rules, section 4.04.
4. All batters will hit off the tee for the first half of the season. At the half way point, coaches may (at manager's discretion) begin pitching to the batter. They are given three (3) pitches to try to hit, and if they have not put the ball in play by the third pitch, the tee will be used to complete their at-bat.
5. Female t-ball players (future softball players) should be pitched to under-hand preparing them for farm softball. Male t-ball players (future baseball players) should be pitched to over-hand preparing them for farm baseball.
6. No bunting or walks are allowed.
7. No infield fly rule.
8. Each team will bat through their lineup before switching to defense.
9. Runners will advance one base at a time. When the last batter gets a hit, all runners will advance through to home plate.
10. At the half way point of the season, runners can be called out and will return to the dugout when called out.
11. Managers and Coaches are allowed on the field. Other background checked volunteers may be on the field at Manager's discretion. Children under the age of 16 are not allowed on the field and in the dugout.

1. All players should be rotated during the game, allowing play at as many different positions as possible. No player can play the same infield position for more than one innings.
2. If a pitch hits a batter, batter may not take a base.
3. Each player may not bat more than once in an inning. An inning will end in one of the following three (3) ways:
 1. Defensive team records three outs
 2. Four runs have scored in that half inning
 3. All players have batted, and the last batter completes their at-bat
4. Each player is given **seven (7)** pitches. If the ball is not placed in the field of play, the batter is out (except in the case where the batter is fouling off pitches, it is acceptable to keep letting the player hit until they either hit the ball into fair territory, or completely miss the pitch). No balls or strikes are called.
5. At the half way point, players will be allowed to pitch to the hitters at the Manager's discretion. They will be allowed to pitch a maximum of four (4) pitches to a batter. Each player pitcher will be allowed to pitch a maximum of two (2) innings; this is at the discretion of the manager. Not every child will be ready to pitch; managers use your discretion when pitching players...this is to develop the older farm (8 year olds) players for the next level (minors).
6. Player pitchers must pitch from the league designated pitcher's mound. It is acceptable for a coach to adjust the pitching distance to no less than 38 feet at their discretion.

9. If rosters are ten (10) or less, all players will be placed on the field for defense. The extra player will be used in the outfield.
10. Only managers and coaches are allowed on the field. In the event a replacement is necessary a substitute will be allowed in accordance with the current little league rule book. Absolutely no

11. All teams shall have a minimum of two (2) scheduled practices per week until games begin and a minimum of one (1) schedule practice after games start.

12. Farm teams may play with less than 9 players since this is an instructional division. Borrowing from the opposing team to reach 9 players is allowed at this level.

Managers

All new prospective managers, and any previous managers with validated violations, complaints, suspensions and/or ejections, must be interviewed by an Interview Committee consisting of the President, Vice President, and Player Agent. In the event that a position(s) on the committee is unfilled, the President will appoint a board member(s) representing that specific division(s) to be on the committee.

The Interview Committee will then make recommendations to the President who will put forth the list of prospective managers to the Board of Directors for approval. Any previous season managers in **Good Standing** will be included in this recommendation. The managers must submit their coach recommendations with approved volunteer paperwork and background check for approval by the board before they are authorized to work with players at practices or games.

Managers are **required** to attend a Manager's Meeting prior to the start of the regular season.

Managers and Coaches are **required** to attend a PBLL or Little League sponsored Coaching Clinic and Umpire Clinic (except Tball) at no cost to the manager or coaches.

Managers not attending mandatory Meetings and/or Clinics may be removed from their position at the Board's Discretion.

Good Standing:

Good standing is defined as: any manager that has attended all required training, turned in required documentation and previous gear, is following all rules and bylaws, managing the team respectfully, without major issues or complaints. In the event any manager, including regular season, fall season, TOC and/or an All Star Manager is ejected and/or suspended during any game or tournament that manager will be subject to interview and review by the Board of Directors before he/she is permitted to manage a team the following season, or continue to manage in the current season. Failure to report the loss of a player to the Player Agent during the season will also result in a loss of good standing. The Board has the authority to place a manager back in good standing at the beginning of a new season. That manager will stay in good standing moving forward unless they violate the rules of "good standing".

Game Management

In Minor League Divisions, a continuous batting order will be used. The side is retired when three offensive players are legally put out or when four runs (4-Run Rule) have been posted in the scorebook. The 4 Run Rule

shall apply to the first four innings of the game. Unlimited runs are allowed beginning with the top of the 5th inning. In the event that the game time limit is reached, the inning being played will be completed.

Any game that is not a completed regulation game either due to a rain out or time limit restraints will be scheduled based upon field availability which will include **Sundays**, at the board of director's discretion.

Pursuant to Little League rules, a batter MUST keep one foot in the batter's box throughout their at-bat, barring exceptions provided in the rule book, during regular season games. If the batter leaves the batter's box or delays play and none of the exceptions apply, the umpire shall warn the batter. After one warning on a batter, the umpire shall call a strike. Any number of strikes can be called on each batter.

Pool Players

1. Per section V(c) of the LL Rule Book, the Player Agent will develop the "official" list of pool players for each division, to avoid a forfeit due to minimum player requirements, and will provide the list to the President and Vice President, or division representative if applicable.
2. A pool player can only be used in a case where a team has less than 9 players and would be forced to forfeit. *If a rostered player arrives late, it is at the manager's discretion to put him/her in the game but any pool players that are called and show up at the game site must play at least nine consecutive defensive outs and bat once.*
3. At registration, the Player Agent will request that each player signing up for minor and major divisions (baseball and softball) designate on their registration form whether or not they agree to be used as a pool player.
4. The Player Agent will create a pool player list by signup date by division listing name, contact information, emergency contact information and physician phone number.
5. The Player Agent will create a "pool" from this list and will assign players as needed on a rotating basis. The Player Agent will keep accurate records of players used for "pool" purposes.
6. Managers and/or coaches do not have the right to randomly pick and choose players from the pool. They may not borrow from another team. They must be chosen by the Player Agent. Managers must make a request for a pool player no later than 10:00 a.m. on the day of their game.
7. Under this option, when a player participates in a game on a team other than his/her own teams, such player will not be permitted to play infield or play the positions of pitcher or catcher in that game, but allowed to play any other position and bat last.
8. In the event a manager does not follow this process correctly disciplinary action will be taken. This could include suspension or removal if more than one offense occurs.
9. Player Agent, President, Vice President, and Division Representative will all have copies of the Pool List. Player Agent will keep all parties updated as players are used from the list.

Umpires

All Managers and Coaches at the Major, Minor, and Farm levels will be required to umpire or find umpire coverage for games during the regular season.

The maximum requirement is as follows:

Major managers/coaches: 8 games as plate umpire in the Minor Division per team.

Minor managers/coaches: 8 games as plate umpire in the Major Division per team.

Farm managers/coaches: 4 games and provide a home plate and base umpire.

In general, PBLL requires two umpires for all Minor Division and above games. The UIC or President may allow a game to be played with only a home plate umpire at their discretion.

All umpires **MUST** have a current volunteer form and approved background check on file with the league President.

Volunteer umpires will receive a free drink and meal at no cost. Umpires doing early games are asked to get their meal after their game. Umpires doing late games are asked to get their meal before their game. The snack bar may close early and food may not be available after late games.

Any manager failing to show to umpire a scheduled game without making an effort to find a replacement or notify the UIC in a **timely** fashion is subject to review by the Board.

1st offense - Verbal warning

2nd offense – Suspension of manager for one game

3rd offense – removal as a manager and loss of good standing

Umpires must check in with the Duty Officer prior to their assigned game.

Junior Program (12-17 years old):

Junior umpires that play in our league will be refunded their registration fee for the season.

12-13 year olds may only umpire in Minors unless approved to umpire the bases only in Majors.

14-17 year olds may umpire in either the Majors or Minors Division. A Junior umpire must be at least 16 years old to umpire behind the plate in a Majors Division game.

Upon approval, two junior aged players may umpire together in accordance with the current little league rule book.

Majors - Regular Season Playoffs for TOC

Every effort will be made to schedule a minimum of 16 games during the regular season.

If a division is divided into halves there will be a winner for each half based on team record for that half. The winner of the first half will play the winner of the second half in a single game playoff. The winner will represent PBLL in the TOC tournament. Ties for the winner of a particular half will be determined by a single game playoff. A three-way tie will be determined as follows: The teams with the most runs scored during regular season play will receive a bye. The other two teams will play one game, the winner of which will then play the team with the bye.

Standings

PBLL Standings are as follows:

1. A win will be worth 1 point.
2. A tie will be worth ½ of a point.
3. A loss will be worth 0 points.

In the Junior division, the manager with 2/3 board votes will be given first opportunity to manage the All-Star team. If the manager with the most board votes declines the position, the board will select an alternate manager.

If there is no eligible/suitable manager or coach available the board will select an alternate manager for the applicable division.

Once the All-Star manager is approved, the All-Star manager may select up to two eligible coaches to assist as All-Star coaches. These coaches must be regular season managers or coaches.

All managers will be considered before coaches. In the event that the manager is unable to comply with the signed All-Star Manager Application Agreement, the Board of Directors has the right to remove the manager from the team and find a replacement at their discretion.

Selection Process: All-Star candidates will be selected based upon their playing ability and eligibility. It is not required that players be selected for the position they occupy during the regular season, and may be used in whatever position the manager deems to be of advantage. The roster must include sufficient pitching strength to meet tournament schedules.
